Click Register an Account on the right side.

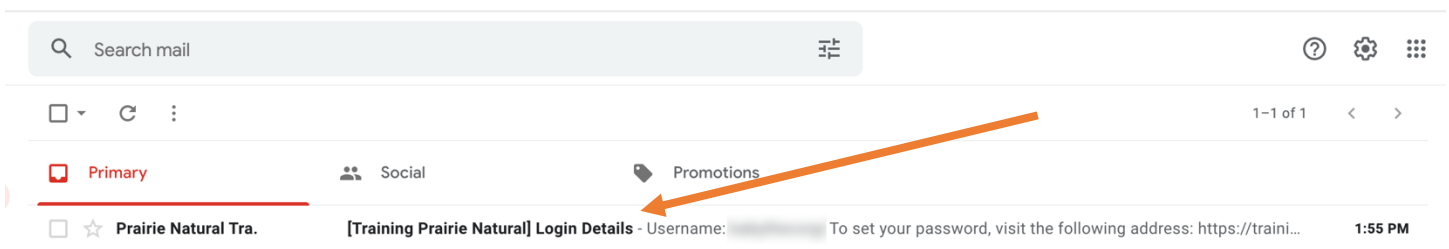

Step 3: Enter your username and email address. Click Register.

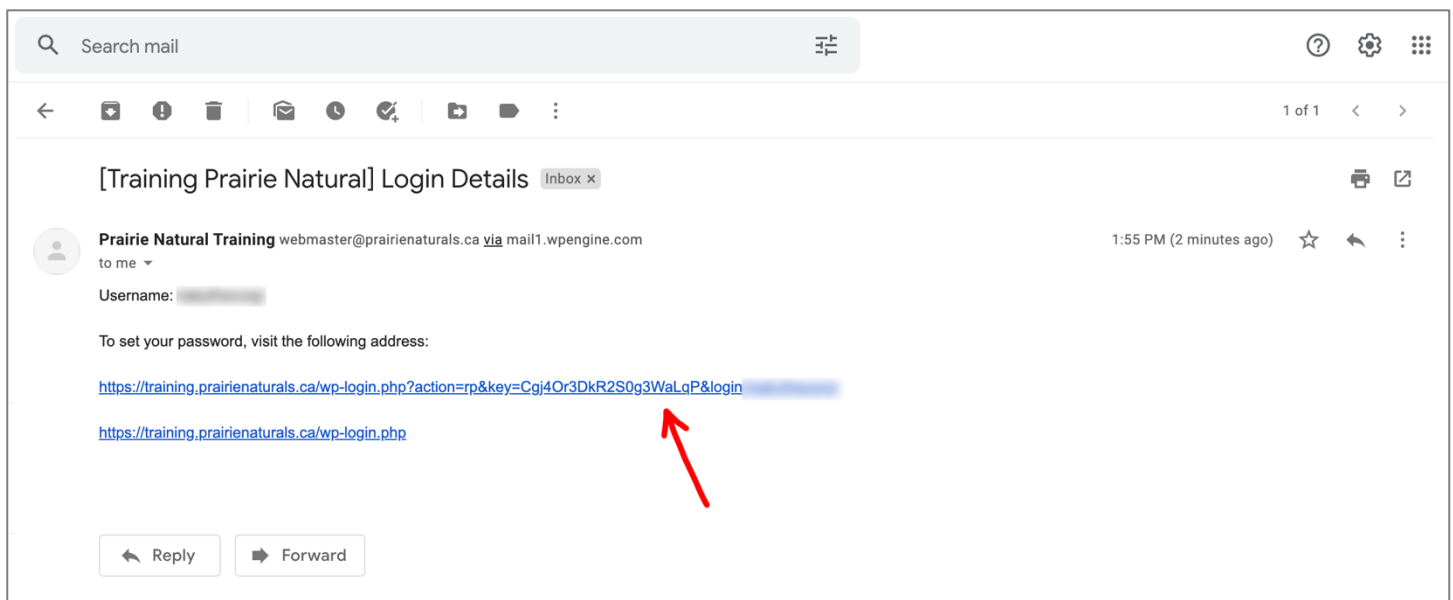

The screenshot shows the Prairie Natural website interface. On the left, there is a 'Login' form with fields for 'Username or Email Address' and 'Password', a 'Remember Me' checkbox, and a 'LOGIN' button. Below the login form is a link for 'Lost Your Password?'. On the right, there is a 'Register' form with fields for 'Username' (pre-filled with 'yourname-yourcompany') and 'Email' (pre-filled with 'example@gmail.com'), and a 'REGISTER' button. A red rounded rectangle highlights the 'Register' form. The website header includes the 'prairienaturals' logo and navigation links for 'WELCOME' and 'STORE'.

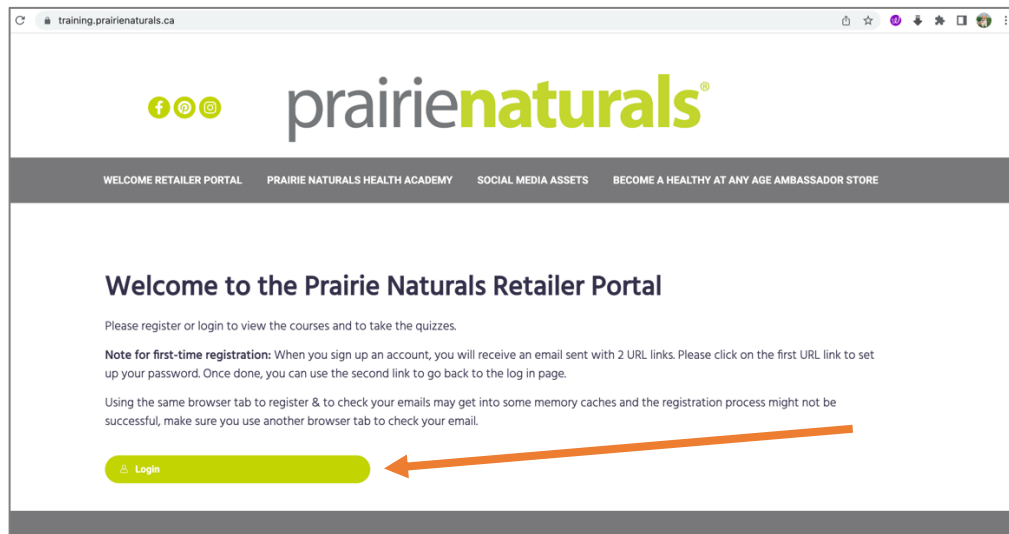

Step 4: Open a new browser tab. Check for incoming email in your inbox. Make sure you check your Junk inbox as well if not found in your Primary inbox.

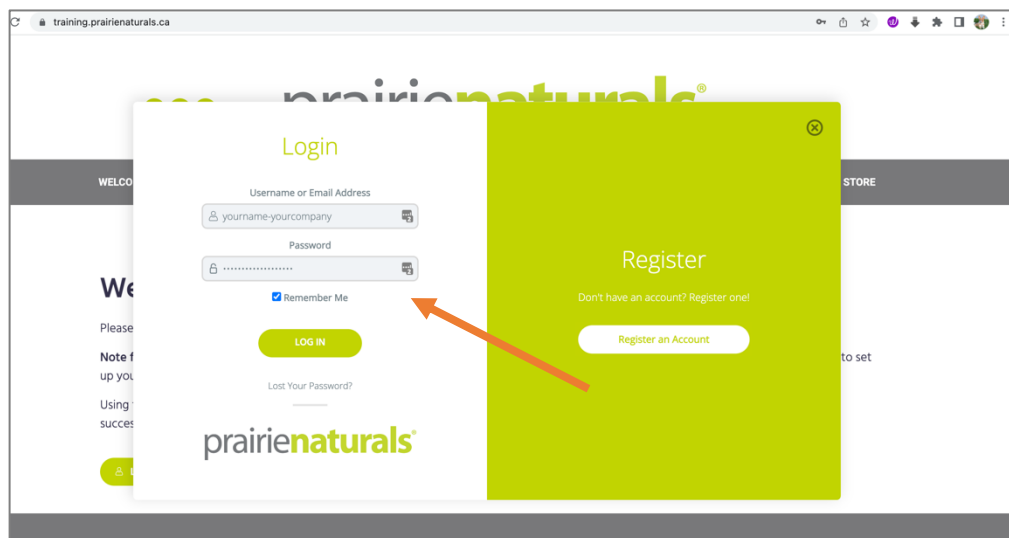

Step 5: Click on the first URL. It should open a new tab and this is where you can set your password. Do not share passwords with anyone.

Step 6: Go to training.prairienaturals.ca. Click on Log in button.

Step 7: Enter your username or email address, and then the password that you just set up. Click Remember me if you're not sharing your computer.

Step 8: Click Log In. DONE! Now you can go to Prairie Naturals Health Academy, take the courses and get FREE products!

TIP: Using the same browser tab to register & check your emails may get into some memory caches and the registration process might not be successful, make sure you cleared all the caches and use a separate browser tab to check your email. We recommend registering and taking the courses by computer for a better experience.
